Purchase replacement parts from your local wholesaler or a licensed contractor

Creating a healthy indoor air environment requires a comprehensive approach; one that eliminates harmful pollutants and sources of discomfort in your home. Humidity control, air purification, and particulate removal are equally important components of that plan.

Contact your local contractor to learn more about how to create a healthier and more comfortable home for you and your family. And visit us at www.GeneralAireIAQ.ca for more on indoor air quality.

Founded in 1937, General Filters' professional experience spans three generations. Manufacturers of Whole House Residential Indoor Air Quality (IAQ) Products, our entire team implements strict quality and assurance systems to deliver premium, dependable IAQ products under the GeneralAire® and Second Wind™ brands. Our oil filter brands include: General, Unifilter®, and Gar-Ber. Certificates of recognition, approvals and associations for all related markets include: "UL", "ETL", "CSA", "Energy Star", "HRAI", "HARDI", "ACCA", "NAOSHM", "NEFI".

Easily installed in your HVAC system (and out of sight), our residential humidifiers, dehumidifiers, heat & energy recovery ventilators, air cleaners and UV air purifiers protect your home and family 24/7-365 days a year with minimal maintenance.

Install GeneralAire® and Second Wind™ today and ***Breathe Healthier®***.
